

10 YEAR PRIORITIES

CONCENTRIC VISION SUMMARY

UPDATED SUMMER 2020

In the Spring of 2019, Concentric's Lead Team gathered at Jugendhaus Seewis, Switzerland. We crystalized our mission and vision, and we prayed for God's guidance as we devised priorities and goals for the next 10 years of our collaborative ministry. This is a broad overview that includes, our mission, vision and priorities.

Our Mission is to equip leaders for movements that multiply disciples, leaders and healthy churches.

Our Vision is to generate disciple-making movements built on the model of Jesus which multiply His life, character and priorities to the nations.

DEEPER IN CHRIST

1. We will **develop our theological rootedness in the life and ministry of Jesus with publications** - white papers, articles, and books that embody theological depth and promote Jesus as our model for ministry and leadership development.
2. We will **develop additional books and resources that aid in the study of the life and ministry of Jesus**, and that help implement His strategy in different contexts and cultures and settings.
3. We will guide the ministry from our Leadership Team down to our country teams and to our regional teams into **deeper study and embodiment of the heart of Jesus' mission**.
4. We will **continue to offer Israel Study Tours** that focus on studying Jesus strategy through a chronological approach to the Gospels. We will do this through our alliance partners. Concentric will also offer such tours, in order to provide the opportunity to our developing and smaller partner ministries that are unable to coordinate tours on their own.
5. We will **strengthen the content of the Study Tours** and the pre and post study materials that are provided for our tour attendees.
6. We will continue to **hone our training and crystalize our essential theology and strategic tenets** as a movement that is Christology rooted.
7. We will continue to **develop coaching strategies and tools**, and make these resources readily available and easily contextualized and translated for different contexts, cultures and languages.
8. We will **expand the accessibility of the Harmony of the Gospels** and other resources for our alliance partners and expanding base.

BROADER TO THE NATIONS

1. We will **devise an active thoughtful strategy for launching 153 countries into Phase III of our ministry strategy by 2030.** One of the metrics for such ministries is that they have multiple model ministries that can identify 4 generations of disciple multiplication. An outline and explanation of our 5 phase approach to ministry can be viewed on our website and in our training materials.
2. We will **increase our core partners from 8 to 12 with representation from every major region of the world by 2030.**
3. We will intentionally work to **enter into more of the unreached people groups and difficult ministry contexts** where we are not currently present. And we will strategize on how we invest in and resource these works.

MORE FRUITFUL KINGDOM IMPACT & OUTCOMES

1. We will devise a **strategic plan to help globally generate 10,000 ministries that model and demonstrate Phase 3 or above** multiplying fruitfulness.
2. We will **help our existing ministries/countries create more breadth and further reach into their regions and countries.**
3. We will **create strategic collaboration with other ministries** to reach our goal of 153 nations with disciplemaking multiplication.
4. We will **establish stronger networks through our Training, Coaching and Mentoring** strategy with other ministries which embody similar DNA to our (i.e. organizations that have the networks and influence but may lack the strategy and training content for disciple making models.)

Our goals, key result areas, and overall strategy for implementation are available in additional documents. The above, serves only as a broad overview of our targeted priorities for impact.
